URBAN JAZZ FUSION

This exciting subject for male and female covers all aspects of modern dance and music of today, it is a 'fusion' of exciting and explosive dance styles which includes Hip Hop, Street, Jazz and Musical Theatre. Even though a very modern and versatile style it does involve training in technique, stretching, movement, rhythm as well as dance in general. Great for fitness, strength and discipline plus a lot of fun! This is available for children, teenagers as well as adults and now even children in wheelchairs and physical disabilities!

TAP

At JAM2000 we prove that tap can be choreographed to modern contemporary music as well as traditional and is very popular with all ages male and female. Tap is intricate and often looks easier than what is actually is, but whatever your age all tap classes have assistants on hand where required. This is also a great way to keep fit as it is a tap version of aerobics! Tap classes are available from 4 years upwards.

PRE-SCHOOL DANCE CLASSES

What a wonderful way to introduce Performing Arts to this young age group 2½ - 4 years both boys and girls. Learning with fun and all in one hour we teach all styles of dance, drama and song! Parents do not stay during this class but 'watch days' are usually available once every two terms. Everyone has to bring a teddy bear each week.

DRAMA

We have a brilliant Drama Department here at JAM2000 with mixed classes available from 6 years upwards. This is not only a very popular subject but is excellent to help boost confidence for life in general as well as enhancing everyone's acting ability covering all aspects of drama for stage, screen and television.

UNIFORM

Uniform is compulsory in all subjects from pre-school children up to and including children in year 6. Everything is available here at The Windmill Studio at competitive prices. A price list is available. From Year 7 upwards suitable clothing for all subjects must be worn that does not restrict any movement. However, for all dance subjects professional dance shoes must be worn throughout whatever age.

JAM2000 PRODUCTIONS

Every year JAM2000 works towards a production, one year Dance for all dance pupils which is held at The Watford Colosseum and the next year Drama & Film for all drama pupils which is on a much smaller scale. These are always held during the October school half term.

All productions are very well organised and extra costs for costumes, extra rehearsals and administration together with confirmation on all rehearsal and performance dates are given well in advance. Payments for any extra costs are spread out over a period of 10 months to one year which enables all pupils to participate. We do not enter examinations or competitions so our productions are what we strive for and I can assure you they are worth every penny! DVD's of past productions to view are available upon request.

DANCE PRODUCTIONS

Dance Productions are huge spectacles with amazing costumes, exciting music with fast and creative choreography. We bring in our own stage set, lighting and sound. Our Dance Productions have often been described as a 'West End' style production!

DRAMA & FILM PRODUCTIONS

These are on a much smaller scale to our Dance Productions but still have costumes, music and lighting with all scripts carefully written for all drama pupils. Performing a live and entertaining stage production in a small intimate theatre for the first half and the showing of our film on a large screen for the second half that will have taken 8 months to shoot and edit, we really do give everyone a great opportunity to experience acting in front of a camera as well as acting on stage.

DVD & PHOTOGRAPHS

All productions are carefully filmed and photographed by our professional Camera Crew with everything available to purchase after each production. These are not only a wonderful keepsake but also an opportunity for all JAM2000 pupils to watch, enjoy and learn.

**ADULT DANCE CLASSES AS LISTED ON OUR TIMETABLE ARE GENERALLY SELF EXPLANATORY BUT FULL DETAILS CAN BE GIVEN UPON REQUEST
